Due to fluid nature of athletic schedules amidst COVID-19 we have made the difficult decision to not sell individual or season passes for this fall. We greatly appreciate the community support offered to our students who perform and we long for the opportunity to bring thousands in our community together again for Friday night football and other athletic events. Until then, our focus will be providing opportunities for the families of our students to watch them perform. Sidney Athletics greatly appreciate everyone's understanding of these changes as we all work together to provide maximum participation opportunities for all of our student activities in this time.
